- Appendix A — One-time setup checklist for admins
- Appendix B — Audit log and data
- Appendix C — Quick reference cards

For the tournament desk team: event admins, officials, check-in desk, lunch counter and umpires. It also covers what players and visitors see, so the desk can help them.

Every screenshot in this manual uses **sample data**: fictional teams, players, phone numbers, UPI details and sign-in accounts. What you see on the day will have real names but look the same.

1. About CARROMIA

CARROMIA is the website and tournament desk for the CARROMIA 2026 parish carrom tournament. The tournament is open doubles: two players per team, on four boards, as a single-elimination knockout. The site handles:

- **Registration** of teams, singly or as a parish group, with player photos, ID details, optional UPI payment and lunch booking.
- **Registration forms (PDF)** carrying a check-in QR code and, when turned on, tear-off lunch coupons.
- **Check-in**, from the team list or by scanning the team's QR code.
- **The knockout draw**, with byes placed automatically.
- **Match control** on four boards: calling teams, timed rounds, round winners, board resets, walkovers and corrections.
- **A live display** for a TV, and **public results** for phones, both updating by themselves.
- **Desk roles** so each volunteer sees only what their job needs.

Where it runs

	Address	Who signs in, and how
Live site (used on the day)	<code>https://sajinct.github.io/carromia/</code>	Each person has their own email and password , created by an event admin
Local server (testing and training on one computer)	<code>http://localhost:3000</code>	One shared desk password . The local preview password is <code>carromia-demo</code>

Both work the same way. These parts appear only on the live site: the **Officials** page, **Change password**, **practice mode**, and sign-in with your own account.

Words used in this manual

Term	Meaning
Team ID	A team's permanent number, such as <code>CAR-014</code> . IDs are never reused, even after a team is removed.
Group	Several teams from one parish registered and paid for together. The group reference is the first team's ID.
Parish coordinator	The person who registered a group. Their mobile number can download every form in the group.
Pending	A team whose UPI payment the desk has not yet confirmed. Pending teams cannot download their form, check in or enter the draw.
Board	One of the four carrom boards (Board 1 to Board 4).
Match	Two teams on a board, numbered <code>M01</code> , <code>M02</code> and so on. A match is played in rounds . By default it is best of 3 rounds of 10 minutes, and the first team to win 2 rounds wins the match.
Called	A match assigned to a board whose players are walking over. Its timer has not started.

Term	Meaning
Reset period	Time after a match while the board is set up again (5 minutes by default). Board ready ends it early.
Rest period	An optional minimum break for a team between matches. It is 0 by default.
Walkover (W/O)	A match awarded without play, for example when a team does not show up.
Bye	An empty slot in round one. The team placed against it goes straight through.
Practice mode	A separate rehearsal tournament on the live site that never touches the real event.

2. Roles and permissions

Everyone who signs in to the desk has **one** role. An event admin picks the role on the **Officials** page (see 6.2).

Role	Label in the app	In one line
Event admin	Event admin	Everything: settings, the draw, corrections, walkovers, removing teams, backups and officials.
Official	Official	Runs the day: payments, check-in, lunch, calling matches, scoring and results.
Check-in desk	Check-in desk	Checks teams in, from the list or a scanned QR code. Nothing else.
Lunch counter	Lunch counter	Serves booked lunches from the coupons. Nothing else.
Umpire	Umpire · Boards 1, 2	Runs the matches on the boards they are given.
<i>(no sign-in)</i>	—	Players and visitors: public pages, registration, their own form, live boards and results.

2.1 Permission matrix

Officials: add, edit, reset password, remove (<i>live site</i>)	—	✓	—	—	—	—
Change own password (<i>live site</i>)	—	✓	✓	✓	✓	✓
Follow practice mode on a device (practice link, or the live display's switch) (<i>live site</i>)	✓	✓	✓	✓	✓	✓
Open practice mode from Event settings (<i>live site</i>)	—	✓	✓	—	—	—
Turn practice mode off or on for all devices	—	✓	—	—	—	—

In practice mode, an Official may also try every admin action, such as the draw, walkovers, corrections and loading the sample. This is so officials can rehearse. Check-in, lunch and umpire accounts still do only their own job in practice. See [section 12](#).

2.2 What each role sees

Role	Menu	Team list columns
Admin	Match control · Teams & check-in · Tournament bracket · Results · Event settings · Officials	Team · Players (photos, ID) · Parish · Primary contact · Lunch · Check-in · Form · Remove (before the draw)
Official	Same as admin, without Officials	Same as admin, without Remove

Role	Menu	Team list columns
Check-in desk	Check-in only	Team · Players (photos, ID) · Parish · Check-in
Lunch counter	Lunch only	Team · Players (names only) · Parish · Lunch
Umpire	My boards only	—

If a check-in, lunch or umpire account opens any other desk address, it is taken back to its own page.

2.3 How the rules are enforced

The same rules are checked in three places, so a hidden button can't be worked around:

1. **The app** shows each role only its own pages, columns and buttons.
2. **The tournament rules** refuse an action the role may not do. The messages are *"Only an event admin can do this."*, *"This isn't part of the Check-in desk role."* and *"This board isn't assigned to you."*
3. **The database** (live site) checks every save against the signed-in person's role. It also locks player photos to admins, officials and check-in, and payment screenshots to admins and officials. Officials can be managed only through a server function that checks the caller is an admin. An admin can't remove themselves or drop their own admin role.

Known limit (live site): the desk applies the rules in the browser. So check-in, lunch and umpire accounts still *download* the event's private data, including mobile numbers, the last 4 of each ID and payment references, even though the app never shows it to them. Photos and payment screenshots stay locked by the database. Give these roles only to people you trust with that data.

When an admin changes someone's role or boards, it takes effect the next time that person's desk refreshes. They do not need to sign out.

3. The event at a glance

Suggested timetable on the day (from the published schedule): check-in 9:00 AM · opening 9:30 · preliminary round 10:00 · lunch 1:30 PM · quarterfinals 2:30 · finals 4:30 · awards 5:30.

When	Who	What
Weeks before	Admin	Settings, UPI, lunch coupons, contacts; add the officials; rehearse in practice mode
While registration is open	Officials	Confirm payments; send forms on WhatsApp
Registration closes	Admin	Check the team list; remove duplicates; untick <i>Registration open</i> if needed
Morning of the event	Check-in desk	Scan QR codes; compare faces, IDs and the attested forms
After check-in	Admin	Create knockout draw
All day	Officials and umpires	Assign, start, score, board ready; the lunch counter serves lunches
After the final	Admin	Export results; download a backup

4. For players and visitors

No sign-in is needed for anything in this section.

4.1 Home page

The home page shows the date, the venue with directions, the prizes, the entry fee, how many team slots are left, the registration deadline, the day's timetable, Mass times, what to bring, and the hosts. The main button reads **Register your team** while registration is open. It changes to **Follow the tournament** once registration closes.

On a phone the links move into the **≡ menu** at the top right. The menu also has **Register your team** while registration is open.

Home on a phone

Menu

4.2 Rules

Rules lists the numbered tournament rules, the documents to bring, and "Good to know" notes (entry fee, deadline, reporting time, lunch).

TOURNAMENT RULES & DETAILS

Know the rules.

Play your best.

CARROMIA 2026 is an open doubles, thumbing-game knockout. Every match is the best of 3 rounds, 10 minutes each.

01 General format & tournament structure

1. All India Carrom Federation (AICF) standards.
2. Thumbing game only.
3. Only doubles (2 players) game.
4. Best of three (3) games format (must win 2 games). Anticlockwise rotation of players after each game.
5. Knockout basis only.

02 Time limit & match completion

6. Players will be provided 30 minutes to complete 3 games (10 minutes each).
7. Matches are to be completed within 30 minutes (3 games); otherwise the match will be decided on the least coins on the board (black or white). No points are considered. The red (Queen) is pocketed only to complete the game.

03 Striker, board & pieces

8. Strikers will be provided by the organisers. Bringing or using outside strikers is strictly prohibited.
9. The board and pieces: the board features 9 white pieces, 9 black pieces and 1 red Queen piece, set up in a precise, tight hexagon pattern at the centre.

04 The break

10. Players flip a coin or guess a hidden piece to see who goes first. The first player aims to pocket the white pieces, or chooses a side to be seated, to begin the match.

4.3 Registering one team

1. Open **Register your team**.
2. Choose the **Forane / Zone**, then the **Parish / Centre**. The list is the diocese register.
3. Enter the **Team name**.
4. For **each of the two players**, enter:
 - a **photo** (required; any phone photo — it is resized automatically),
 - their **full name**,
 - their **mobile number**,
 - the **ID proof** type (Aadhaar, Voter ID, Driving Licence, Passport, Other),
 - the **last 4 characters** of that ID's number.
5. Choose the **Primary contact** (player one or two). Their mobile number is the one that can download the form later.
6. Choose **Lunch on the day**: none, 1 player or both players. Lunch is provided only if it is booked here.
7. Tick **Both players are 18 or older**, then press **Register team**.

What to bring on the day

Register team

Filled form

On a phone, the page opens with the event details, and the form follows below:

CARROMIA 2026 · User Manual

12 / 72

After registering (when no payment is collected), the team gets its **team ID** and **check-in QR code** straight away. Two buttons follow:

- **Download registration form (PDF)**
- **Save QR code**

YOU'RE ON THE TEAM SHEET

See you at the board.

Vijayanagar Vipers is registered.

CAR-001

Jobin Joseph & Alen Thomas
Vijayanagar, Mary Matha Church · Mathikere Forane

Save your team ID and QR code for check-in at the tournament desk. Reporting time is 9:00 AM.

[Download registration form \(PDF\)](#)

Entry fee ₹500 per team · lunch booked for both players

Print the registration form. Both players sign it, and your Parish Priest attests it with the parish seal. The rules are included.

Bring on the day:

1. Your registration form (download it after registering), signed by both players and attested by the Parish Priest with the parish seal
2. Any Government ID proof (Aadhaar, driving licence, etc.)
3. Parish family record book (digital diary or physical)

[Save QR code](#) [View live boards →](#)

Limits the form enforces:

- 64 team slots by default.
- Up to 4 teams per parish by default. Names like "St. Thomas" and "St Thomas Church" count as the same parish.
- Team names must be unique.
- The registration deadline is the end of that day, India time.
- Registration closes when the draw is created.

When registration is closed, the form is replaced by the reason, for example "*Registration closed on 10 November 2026.*"

4.4 Registering several teams from one parish (group)

1. Fill in the first team as above.
2. Press **Add another team from this parish**. You can add up to 8 teams, within the parish's remaining limit and the slots left.
3. Once there are two or more teams, fill in the **Parish coordinator** (name and mobile). The coordinator's number can download every team's form, and the desk contacts them about payment.
4. Tick **All players are 18 or older**, then press **Register N teams**.

4.5 Paying the entry fee by UPI (when turned on)

If the admin has turned on **Collect the entry fee by UPI**, the form shows a **Payment** section. It holds:

- the UPI QR code,
 - the UPI ID with **Copy UPI ID**,
 - on phones, a **Pay with a UPI app** button with the amount filled in. For a group, the amount is the fee × the number of teams.
1. Pay using the QR code or the button.
 2. Enter the **UPI transaction number (UTR)** (6–30 letters or digits), **or** add a **payment screenshot**, or both.
 3. Submit.

The screenshot shows a 'Payment' section with a title bar containing a rupee symbol and the word 'Payment'. Below the title bar, there is a paragraph of instructions: 'Pay the entry fee of ₹500 to this UPI QR code, then enter the transaction number (UTR) or add a screenshot of the payment. Your registration is confirmed once the tournament desk sees the payment in the bank.' In the center is a large QR code. Below the QR code, there is a green box containing the UPI ID 'carromia.sample@upi', a 'Copy UPI ID' button, and a dark green 'Pay with a UPI app' button. Below these are two input fields: 'UPI transaction number (UTR)' with the value 'SAMPLE000111' and 'Payment screenshot' with a 'Choose File' button and the filename 'payment.jpg'. At the bottom, there is a note: 'Enter the transaction number, add a screenshot, or both.'

The registration is then **pending**. The team gets its ID, but the form download waits until the desk sees the money arrive in the bank and confirms it. The desk then sends the form link on WhatsApp. The team can also download the form from the **Teams** page.

The image shows a digital confirmation screen for a tournament registration. At the top, there is a green circular icon with a clock symbol. Below it, the text 'REGISTRATION RECEIVED' is displayed. The main heading is 'Payment being verified.' followed by a message: 'Kalkere Kings is registered and waiting for the tournament desk to confirm the payment.' The team ID 'CAR-014' is prominently displayed in large, bold letters. Below this, the team name 'Bestin Tom & Joel Benny' and their address 'Kalkere, St. Joseph's Church · Dharmaram Forane' are listed. A light green box contains instructions: 'Keep your team ID: CAR-014', a note about payment confirmation and WhatsApp communication, and the UPI transaction number 'SAMPLE000111'. Another light green box at the bottom provides contact information for the 'Tournament desk' and 'Registration help' with WhatsApp links. At the very bottom, there is a button labeled 'Registered teams' with a right-pointing arrow.

REGISTRATION RECEIVED

Payment being verified.

Kalkere Kings is registered and waiting for the tournament desk to confirm the payment.

CAR-014

Bestin Tom & Joel Benny
Kalkere, St. Joseph's Church · Dharmaram Forane

Keep your team ID: CAR-014

Once the payment reaches the bank, the desk confirms your registration and sends the registration form link to the primary player on WhatsApp. You can also download it from the Teams page with the primary player's mobile number.

Your UPI transaction number: SAMPLE000111

Questions? Contact us

Tournament desk	90000 00001	WhatsApp
Registration help	90000 00002	WhatsApp

Registered teams →

4.6 The registration form (PDF)

Print the form. **Both players sign it**, and the **Parish Priest attests it with the parish seal**. Bring it on the day with a government ID proof and the parish family record book.

The form contains:

- the team ID and the **check-in QR code**,
- parish and player details with photos,
- the declaration and the Parish Priest's attestation,
- an "office use" box,
- the rule book.

When lunch coupons are turned on, it also has **tear-off lunch coupons**, one per booked lunch, each with its own QR code.

The rules pages follow:

CARROMIA 2026

RULE BOOK

CARROMIA 2026 is an open doubles, thumbing-game knockout. Every match is the best of 3 rounds, 10 minutes each.

General format & tournament structure

1. All India Carrom Federation (AICF) standards.
2. Thumbing game only.
3. Only doubles (2 players) game.
4. Best of three (3) games format (must win 2 games). Anticlockwise rotation of players after each game.
5. Knockout basis only.

Time limit & match completion

6. Players will be provided 30 minutes to complete 3 games (10 minutes each).
7. Matches are to be completed within 30 minutes (3 games), otherwise the match will be decided on the least coins on the board (black or white). No points are considered. The red (Queen) is pocketed only to complete the game.

Striker, board & pieces

8. Strikers will be provided by the organisers. Bringing or using outside strikers is strictly prohibited.
9. The board and pieces: the board features 9 white pieces, 9 black pieces and 1 red Queen piece, set up in a precise, tight hexagon pattern at the centre.

The break

10. Players flip a coin or guess a hidden piece to see who goes first. The first player aims to pocket the white pieces, or chooses a side to be seated, to begin the match.

Queen & winning the game

11. The Queen, the red Queen can be pocketed at any time once you have started sinking your pieces, but it must be "covered" by pocketing one of your own carrom pieces on the very next shot.
12. Winning the match: the first person or team to pocket all of their assigned carrom pieces, along with a covered Queen, wins the board or game.

Draw / tie & qualification

13. If the match is a draw or a tie between the teams, each team will get 3 coins to pocket (Golden Pocket). The team that pockets the most will qualify for the next round.
14. If the Golden Pocket (rule 13) is also a draw, the match goes to sudden death: the teams toss a coin for the first chance to pocket a coin, and the team that pockets first will qualify for the next round.

Umpire decision

15. The umpire's decision will be final (KSCA umpires only).
16. The umpire decides each game, including when its time runs out, and an official marks the winning team on the tournament app. The next game begins when the official starts it.

Player conduct

17. Each player is to use their own idea; no prompting or suggestions from the partner are allowed while playing the game.

Bring for registration verification

1. Your registration form (download it after registering), signed by both players and attested by the Parish Priest with the parish seal
2. Any Government ID proof (Aadhaar, driving licence, etc.)
3. Parish family record book (digital diary or physical)

Good to know

- Entry fee is Rs. 500 per team.
- Last date for registration is 10 November 2026.

CARROMIA 2026 | Team CAR-001 | Vijayanagar Vipers

Page 2 of 3

4.7 Downloading the form again (Teams page)

Teams lists every confirmed team (pending teams are hidden), with a search box. To download a form:

1. Tap the team's **Registration form**.
2. Enter the **primary player's mobile number**. For a group, the parish coordinator's number also works.
3. Tick **All N teams ... in one PDF** to download the whole group at once.

The WhatsApp link the desk sends opens this box directly. After too many wrong numbers, the site asks you to wait before trying again: 10 wrong tries per hour on the live site.

The screenshot shows the CARROMIA website's 'Teams' page. At the top, there's a navigation bar with links: 'The tournament', 'Live boards', 'Results', 'Teams' (active), 'Rules', and 'Tournament desk'. Below the navigation bar, the page title is 'REGISTERED TEAMS'. The main heading is 'The teams. Ready to strike.' followed by a subtext: '16 confirmed teams. To download your team's registration form, tap it and enter the primary player's mobile number.' There's a search bar with the placeholder 'Search team, player or parish'. Below the search bar, there's a grid of 12 team cards. Each card displays the team name, primary player(s), and a 'Registration form' button with a download icon. The teams listed are: Vijayanagar Vipers (CAR-001), Dharmaram Dashers (CAR-002), Thomas Titans (CAR-003), Sebastian Strikers (CAR-004), Claret Crusaders (CAR-005), Carmel Coins (CAR-006), Whitefield Whirlwinds (CAR-007), Koramangala Queens (CAR-008), Santhome Smashers (CAR-009), Bommanahalli Blasters (CAR-010), Christ Nagar Champs (CAR-011), and Alphonsa Aces (CAR-012).

Team Name	Primary Player(s)	Registration Form
Vijayanagar Vipers (CAR-001)	Jobin Joseph & Alen Thomas	Registration form
Dharmaram Dashers (CAR-002)	Kevin Mathew & Sebin Varghese	Registration form
Thomas Titans (CAR-003)	Ashwin Paul & Nikhil George	Registration form
Sebastian Strikers (CAR-004)	Roshan Jose & Tony Antony	Registration form
Claret Crusaders (CAR-005)	Melvin Sunny & Jeswin Babu	Registration form
Carmel Coins (CAR-006)	Arjun Philip & Bibin Chacko	Registration form
Whitefield Whirlwinds (CAR-007)	Denny Davis & Rinto Raphael	Registration form
Koramangala Queens (CAR-008)	Anna Joy & Merin Sabu	Registration form
Santhome Smashers (CAR-009)	Jithin John & Libin Mani	Registration form
Bommanahalli Blasters (CAR-010)	Shijo Jacob & Eldho Kuriakose	Registration form
Christ Nagar Champs (CAR-011)	Sherin Mathew & Riya Thomas	Registration form
Alphonsa Aces (CAR-012)	Justin Varghese & Amal Dev	Registration form

Teams page

The screenshot shows a mobile application interface with a dialog box. At the top left of the dialog, it says "CAR-015 • group CAR-015". At the top right, there is a close button (an 'X' in a square). The main title of the dialog is "Holy Family Hawks" in a large, bold font. Below the title, there is a line of text: "Enter the primary player's or the parish coordinator's mobile number, as given at registration, to download the registration form." Underneath this text is a label "Mobile number" followed by a text input field that also contains the placeholder text "Mobile number". Below the input field, there is a checked checkbox followed by the text "All 2 teams from Hongasandra, Holy Family Forane Church in one PDF (parish coordinator's number)". At the bottom of the dialog is a large, dark green button with a white download icon and the text "Download registration form".

Download dialog (group)

4.8 Following the tournament

Live boards (/live) is the big-screen view described in [section 11](#). **Results** is made for phones. It shows:

- the champions,
- "On the boards now",
- every result by round, which you can search for your team,
- the bracket.

It updates by itself.

Results on a phone

Results with champions

5. Signing in to the tournament desk

1. Open **Tournament desk**, at the top right of any public page, or go to `/admin` (`#/admin` on the live site).
2. **Live site**: enter your **email** and **password**. **Local server**: enter the **desk password**.
3. Press **Open tournament desk**.

The screenshot shows the CARROMIA website interface. At the top left is the CARROMIA logo with the tagline "THE GAME. THE COMMUNITY.". To the right of the logo is a navigation bar with links: "The tournament", "Live boards", "Results", "Teams", "Rules", and "Tournament desk" (which is highlighted with a right arrow). Below the navigation bar is a large white box containing the "Tournament desk" login form. The form has a header "ORGANIZER ACCESS" and "Tournament desk" in bold. Below this is a sub-header "A clear view of every board, team, and next move." followed by "Email" and "Password" labels. The email input field contains "tomyjoseph@example.com". The password input field is masked with dots and has an eye icon to toggle visibility. At the bottom of the form is a dark green button labeled "Open tournament desk" with a right arrow. At the bottom left of the page, there is a small copyright notice: "© 2026 CARROMIA - Hosted by Mary Matha Church, Vijayanagar - Diocese of Mandya". At the bottom right, there are two small circular icons.

Install app

Start a fresh event

Clear all teams, matches, and results. Event details are kept and registration reopens. Download a backup first.

Setting	What it does
Event name, year, venue, date, start time	Shown on the home page, the live display and the forms.
Rounds per match (1, best of 3, best of 5) and Round (minutes) (1–30)	The match format. A match keeps the format it started with, so changes apply only to matches started afterwards.
Board reset (0–30 min)	How long a board stays "resetting" after a match.
Team rest (0–60 min)	The minimum break before a team's next match. Walkovers and byes don't count.
Team slots (2–128), Teams per parish	Registration limits.
Registration deadline , Entry fee per team	Registration closes at the end of the deadline day. The deadline doesn't apply in practice mode.
Registration open	Untick to close registration by hand. It locks once the draw is created.
Payment	See below.
Lunch	See below.

CARROMIA 2026 · User Manual

26 / 72

Setting	What it does
Support	Up to 3 contacts (name and phone). They appear on the registration page (with call and WhatsApp links) and on every form.

Press **Save settings** at the bottom.

Collecting the entry fee by UPI

1. Tick **Collect the entry fee by UPI at registration**.
2. Under **UPI QR code**, choose a picture of your UPI QR code (PNG or JPEG). It uploads straight away; "QR code uploaded. Save settings to use it."
3. Optionally enter the **UPI ID**, such as `name@bank`. This adds the **Pay with a UPI app** button on phones.
4. **Save settings**. New registrations are then *pending* until an official confirms the payment (7.1).

Lunch coupons: tick **Print lunch coupons on the registration form** and **scan them at the lunch counter**. Each booked lunch gets a tear-off coupon with a QR code, and each coupon can be served once. Turn this on **before** teams download their forms.

The screenshot shows the 'Event settings' page in the CARROMIA application. The left sidebar contains navigation links: Match control, Teams & check-in, Tournament bracket, Results, and Event settings (highlighted). The central form area is titled 'Event settings' and contains the following sections:

- Team slots:** 64
- Teams per parish:** 4
- Registration deadline:** 10-11-2026
- Entry fee per team (₹):** 500
- Registration open:** ☒
- Payment:** ☒ Collect the entry fee by UPI at registration
- UPI QR code:** A QR code is displayed, and a button 'Choose File' is shown with the filename 'upi-qr.png'. A 'Remove QR code' button is also present.
- UPI ID (optional, for a "Pay with a UPI app" button on phones):** carromia.sample@upi
- Lunch:** ☒ Print lunch coupons on the registration form

A dark green notification box at the bottom of the form states: "QR code uploaded. Save settings to use it." The right sidebar contains a 'Start a fresh event' button and a 'Download backup' button.

6.2 Managing officials

Live site only. Also possible from the command line; see [Appendix A](#).

Open **Officials**. The list shows each person's name, email, role (umpires with their boards) and last sign-in.

Add an official

1. Enter their **full name** and **email**.
2. Choose the **Role**:
 - *Official: check-in, boards and results*
 - *Admin: also settings, draw and officials*
 - *Check-in desk: checks teams in, nothing else*
 - *Lunch counter: serves booked lunches, nothing else*
 - *Umpire: runs the matches on their boards*
3. For an **Umpire**, tick their boards (at least one, from 1 to 4).
4. Optionally type a **Password** (at least 8 characters). If you leave it blank, one is generated.
5. Press **Add official**. The sign-in details are shown **once**. Use **Copy details** and send them privately.

If the email already has an account, the person keeps their password unless you set a new one here.

Remove

6.3 Confirming payments and removing teams

Confirming payments is also open to officials: see 7.1.

Remove a team (admins, before the draw only): in **Teams & check-in**, press **Remove** on the team's row, then **Remove team**. This deletes the team and its players' details, and the team ID is never reused. Use it for duplicates and withdrawals. After the draw, teams can't be removed. Use a **walkover** instead.

6.4 Creating the knockout draw

When check-in is done (or nearly done):

1. Go to **Match control** or **Tournament bracket** and press **Create knockout draw**.
2. Read the dialog. It shows how many **confirmed** teams will be placed and how many **awaiting payment** will be **left out**. Confirm those payments first if they should play.
3. Press **Create draw for N teams**.

The teams are shuffled into a single-elimination bracket. Byes are added automatically when the number isn't a power of two. The rounds are named *Round of 16*, *Quarterfinals*, *Semifinals* and *Final*. **Registration closes.** The draw can't be changed afterwards, except by starting a fresh event.

Before the draw

After the draw

6.5 Walkovers

When a team doesn't show up or withdraws after the draw:

1. In **Match control** → **Match queue**, press **Walkover** on that match. It must not have started yet.
2. Choose the **team that advances**, and enter a **reason** (the default is "Opponent did not show").
3. Press **Award walkover**.

The match is completed without play. The winner needs neither check-in nor rest, and the later rounds update.

A screenshot of a mobile application dialog box titled "Award a walkover". At the top left, it says "M06 • Round of 16" and at the top right is a close button (X). The main text explains: "The match is not played. The team you choose advances as if it had won; the other team is out of the tournament." Below this, there is a section "Team that advances" with a dropdown menu currently showing "Sebastian Strikers". Underneath is a section "Reason" with a text input field containing "Opponent did not show". At the bottom is a large red button labeled "Award walkover" with a checkmark icon.

Undo walkover is in **Results**. It puts the match back in the queue, as long as the next round's match hasn't been called yet.

A screenshot of a mobile application dialog box titled "Undo the walkover for M06?". At the top right is a close button (X). The main text explains: "The match returns to the queue and later rounds are updated." At the bottom are two buttons: a white button labeled "Keep" and a red button labeled "Undo walkover".

6.6 Correcting a result

If a result was entered wrongly and the match has already ended:

1. Open **Results** and press **Correct** on the match.
2. Choose the winner of each round, in order, up to the round that decided the match. Leave later rounds as *Not played*.
3. Press **Save corrected result**.

The winner is worked out again, later rounds are updated, and the result is marked *Corrected*. This is only possible **until the winner's next match is called**.

While a match is still being played, use ↶ **Take back** on the board instead (7.3).

By QR code: scan the QR code on the team's form or phone with any camera. This opens **QR check-in** for that team, with large photos and ID details.

1. Compare each player's face and ID proof, and check the **attested registration form**.
2. Press **Confirm team check-in**.

Scanning alone never checks a team in. A team whose payment is still pending can't be checked in.

7.3 Running a match

Match control is the home of the desk. It shows:

- **Stats:** teams registered and checked in, boards in use, matches completed, and the match format.
- **The boards:** four cards showing each board's state.
- **Match queue:** *Up next* shows every match waiting. *Ready to play* shows only the ones that can go on a board now.
- **From the desk:** the latest activity.

Queue labels:

Label	Meaning
Ready	Both teams are checked in and free. It can be assigned.
Awaiting check-in	One or both teams haven't checked in.
Team on another board	A team is still playing elsewhere.
Rest period	A team's rest time after its last match hasn't passed yet.

A board's life:

Step by step:

1. **Assign.** Press **Assign a match** on a free board, or **Assign** → on a queued match. Choose the match and board, then press **Call teams to board**. The board shows *Players called*, and the live display asks the teams to report. ↻ sends a called match back to the queue.
2. **Start.** When both teams are seated, press **Start match**. Round 1's timer starts.
3. **Mark each round.** The umpire decides each round, whether or not its time is up. Under **Round N won by**, press the winning team, then confirm. When the timer reaches zero, the board shows *Round time up · Umpire deciding*. It does not end the round by itself.
4. **Next round.** Players change seats. Press **Start round N**.
5. **Take back** a mis-tap with ↻. The round goes back into play on its own timer.
6. **Match won.** When a team wins most of the rounds (2 of 3 by default), confirm **Confirm and end match**. The winner advances in the bracket, and the board shows the winner while it **resets**.
7. **Board ready.** Once the board is set up again, press **Board ready** to make it available before the reset time runs out.

1. Assign

2. Called

7.5 What an official's desk looks like

An official's menu has everything but **Officials**. In the queue there's **Assign** but no **Walkover**, and the team list has no **Remove**.

Match control (official)

Teams (official)

8. Check-in desk guide

For the **Check-in desk** role. Admins and officials can do the same.

After signing in you see one page, **Check-in**. It shows how many teams are checked in, and the team list with **photos and ID details only**. There are no phone numbers or payment details.

Team	Players	Parish	Check-in
Vijayanagar Vipers CAR-001	Jobin Joseph Aadhaar - 4821 Alden Thomas Driving License - K7032	Vijayanagar, Mary Matha Church Parish - Mathikere Forane	✓ Checked in
Dharmaram Dashers CAR-002 Group CAR-002	Kevin Mathew Aadhaar - 1177 Sebin Varghese Voter ID - 95A3	Dharmaram, St. Thomas Forane Church Parish - Dharmaram Forane	✓ Checked in
Thomas Titans CAR-003 Group CAR-002	Ashwin Paul Aadhaar - 5520 Nikhil George Passport - P804	Dharmaram, St. Thomas Forane Church Parish - Dharmaram Forane	✓ Checked in
Sebastian Strikers CAR-004	Roshan Jose Aadhaar - 2300 Tony Antony Voter ID - K201	Mathikere, St. Sebastian's Forane Church Parish - Mathikere Forane	✓ Checked in
Claret Crusaders CAR-005	Melvin Sunny Aadhaar - 2300 Jeswin Babu Voter ID - K201	Dasarahalli, Ss. Joseph & Claret Church Parish - Mathikere Forane	✓ Checked in

Checking a team in:

1. Ask for the team's **registration form**, printed and attested with the parish seal, and each player's **ID proof**.
2. **Scan the QR code** on the form with the phone's camera, or search for the team by name or ID in the list.
3. The **QR check-in** page shows both players' photos, names and ID type with its last 4 characters. Compare them with the people and IDs in front of you.
4. Press **Confirm team check-in**. You'll see "Team checked in. Welcome to CARROMIA!"

QR check-in on a phone

Team still awaiting payment

- **Awaiting payment** means the desk hasn't confirmed the team's payment. Send the team to an official. You can't confirm payments.
- To **take a check-in back**, press **Checked in** in the list. This isn't possible while the team is on a board.
- If a player, their ID or the attested form doesn't match, **don't check the team in**. Call an official.

9. Lunch counter guide

For the **Lunch counter** role. Admins and officials can do the same. Needs **Lunch coupons** turned on in Event settings.

After signing in you see one page, **Lunch**. It shows how many booked lunches have been served, and the team list with names only.

The screenshot shows the CARROMIA Lunch counter interface. The sidebar on the left includes the CARROMIA logo, 'TOURNAMENT WORKSPACE', a 'Lunch' button with a count of 17, and a 'Sign out' button. The main area is titled 'ENJOY YOUR MEAL' and 'Lunch'. It displays '1 of 20 booked lunches served. Scan a team's lunch coupon, or find the team here.' Below this is a table of teams with columns for Team, Players, Parish, and Lunch. The table lists five teams: Vijayanagar Vipers, Dharmaram Dashers, Thomas Titans, Sebastian Strikers, and Claret Crusaders. Each team row shows the team name, players with their initials, the parish, and the number of booked and served lunches. Buttons for 'Serve' and 'Undo' are present for teams with served lunches.

Team	Players	Parish	Lunch
Vijayanagar Vipers CAR-001	JJ Jobin Joseph AT Aien Thomas	Vijayanagar, Mary Matha Church Parish: Mathikere Forane	2 booked 1 served Serve Undo
Dharmaram Dashers CAR-002 Group CAR-002	KM Kevin Mathew SV Sebin Varghese	Dharmaram, St. Thomas Forane Church Parish: Dharmaram Forane	—
Thomas Titans CAR-003 Group CAR-002	AP Ashwin Paul NG Nikhil George	Dharmaram, St. Thomas Forane Church Parish: Dharmaram Forane	1 booked 0 served Serve
Sebastian Strikers CAR-004	RJ Roshan Jose TA Tony Antony	Mathikere, St. Sebastian's Forane Church Parish: Mathikere Forane	—
Claret Crusaders CAR-005	MS Melvin Sunny JB Jeswin Babu	Dasarahalli, Ss. Joseph & Claret Church Parish: Mathikere Forane	2 booked 0 served Serve

Serving a lunch:

1. **Scan the lunch coupon** (at the bottom of the team's form) with the phone's camera. The **Lunch counter** page opens for that team.
2. It shows how many lunches are served out of those booked. Press **Serve 1 lunch** or **Serve both lunches**.
3. Each coupon can be used once. When everything is served, the page says so.

Coupon scanned

Lunch served

Coupon not recognised

- **Without a coupon:** find the team in the list and press **Serve**.
- **Served by mistake:** press **Undo** in the list.
- **Messages:**
 - *No lunch was booked for this team* — lunch wasn't booked at registration.
 - *Payment not confirmed yet* — send the team to an official.
 - *Every lunch booked for this team has already been served*
 - *Lunch coupons are turned off* — ask an admin.

With coupons turned on, the admin's and officials' team list also shows **Serve** and **Undo** in the Lunch column.

10. Umpire guide

For the **Umpire** role. An admin gives you one or more boards, and you see and control only those.

After signing in you see **My boards**. The desk **calls** each match to your board. Then you run it:

1. **Players called:** when both teams are seated, press **Start match**. The round timer starts.
2. **During a round**, the timer counts down. You decide the round, whether or not the time is up. Under **Round N won by**, tap the winning team, then **Confirm round winner**.
3. **Between rounds**, players change seats. Tap **Start round N**.
4. **Mistake?** Tap ↶ to take back the last round's winner. That round goes back into play.
5. When a team has won most of the rounds (2 of 3 by default), confirm **Confirm and end match**. The board shows the winner and starts its **reset** time.
6. After resetting the coins and board, tap **Board ready**. The desk can then call the next match.

Your boards (desktop)

Called match (phone)

Round in play (phone)

Waiting for the desk (phone)

Your role in the menu

- **You can't** call matches to your board, send them back to the queue, or touch other boards. "*Waiting for the desk to call the next match.*" means the desk will assign the next one.
- **No boards shown?** Ask the event admin to assign your boards in **Officials**.

- **Wrong result after the match ended?** Tell an admin. They can **Correct** it until the winner's next match is called.
-

11. The live display and public results

Open **Live boards** (/live) on a TV or projector. From the desk, use **Open live display**. The page:

- shows all four boards with teams, parishes, the round in play, the round timer, and rounds won,
- shows *Players called · Teams, please report to this board* for called matches,
- shows the winner while a board resets,
- lists **Up next**: the next matches, with a note for teams still awaiting check-in,
- has a **Scan for results** QR code that opens the results page on phones. On phone-sized screens it becomes an **Open live results** button,
- shows **LIVE TOURNAMENT**, or **PRACTICE** in practice mode, and the connection status.

It updates by itself. There's nothing to press.

The screenshot displays the CARROMIA live display interface for the Mary Matha Church, Vijayanagar. The interface is divided into several sections:

- Header:** CARROMIA logo, event name, and a "LIVE TOURNAMENT" status indicator.
- Main Content Area:**
 - Left Panel:** "EVERY COIN COUNTS" section with the text "Four boards. All the action." and a QR code for results.
 - Four Boards:** Each board shows the current round, teams, scores, and a timer.
 - Board 1:** Koramangala Queens (Winner - Round of 16 - M01) vs. Anna Joy & Merin Sabu. Score: 2-0. Board resets in 04:53.
 - Board 2:** Dharmaram Dashers vs. Thomas Titans. Round 1 of 3. Time remaining: 09:54.
 - Board 3:** Kalkere Kings vs. Hongasandra Heroes. Round 1 of 3. Time remaining: 10:00.
 - Board 4:** Holy Family Hawks vs. Whitefield Whirlwinds. Round 1 of 3. Time remaining: 00:54.
- Bottom Panel:** "Up next" section showing upcoming matches for Round of 16:
 - M03: Sommanahalli Blasters vs. Chandapura Chargers.
 - M07: Carmel Coins vs. Vijayanagar Vipers.
 - M08: Christ Nagar Champs vs. Alphonsa Aces.

Round time up

Champion

Tips for the TV

- Use full-screen (F11) in a browser that stays awake. Keep the tab in front. Hidden tabs pause their live connection and catch up when shown again.
- If the connection label shows *Reconnecting*, check the Wi-Fi. The page catches up by itself.

12. Practice mode

Live site only. Practice mode is a **separate rehearsal tournament**. Use it to train officials and volunteers without touching real registrations. The public site keeps showing the real event.

Opening practice mode: an admin or official goes to **Event settings** → **Practice mode** → **Open practice mode**. Any device can also follow practice mode: open a practice link (it contains `?practice=1`), or press **Switch to practice mode** at the bottom of the live display. A yellow **PRACTICE MODE** banner appears on every page of that device until someone taps **Exit practice**.

Practice panel (real event, admin)

Desk in practice mode

While in practice, the panel shows **links and QR codes** to open on other devices:

- **TV / big screen:** live boards
- **Phones: registration:** players register practice teams
- **Official phones: desk:** sign in, then check in, start and score

It also has two ways to start over:

- **Start empty practice (registration open)** runs the full flow: register → pay → check in → draw → play.
- **Load sample tournament** gives a ready-made draw.

Practice links

Live display in practice

- In practice, **officials** may try every admin action. Check-in, lunch and umpire accounts still do only their job.
- The registration deadline doesn't apply in practice.
- **Turn off for all devices** (admins, from the real event) sends every device back to the real event and makes practice links open the real event. Practice data is kept, and **Turn practice mode back on**

restores it.

13. Troubleshooting and FAQ

Common messages

Message	What it means / what to do
Awaiting check-in (queue)	Check in both teams first.
Team on another board / Rest period (queue)	Wait. The match becomes <i>Ready</i> by itself.
<i>All boards are occupied or resetting.</i>	Finish a match, or press Board ready on a board that's set up.
<i>This board is being reset.</i>	Press Board ready , or wait for the reset timer.
<i>Payment for this team hasn't been confirmed yet.</i>	An official confirms the payment in Teams first.
<i>This team is assigned to a board.</i>	You can't take back the check-in of a team that's playing.
<i>Only an event admin can do this.</i>	Ask an admin. The draw, walkovers, corrections, settings, removal and reset are admin jobs.
<i>This isn't part of the ... role. / This board isn't assigned to you.</i>	Your role doesn't cover this action. Ask an official or admin.
<i>Start round N first.</i>	The previous round is decided. Press Start round N before marking a winner.
<i>M07 has already been played, so this result can no longer be changed.</i>	A correction is too late: the winner's next match has started.
<i>Teams can't be removed after the draw is created.</i>	Use a walkover instead.
<i>Registration is closed for this draw. / Registration closed on ... / All 64 team slots are taken.</i>	Registration is closed. An admin can change the limits in Settings before the draw.
<i>... already has 4 teams registered, the most allowed for one parish.</i>	That parish has reached its limit.
<i>That mobile number doesn't match this team's primary contact or parish coordinator.</i>	Use the number given at registration, as the last 10 digits.
<i>Too many tries. Try again ...</i>	Too many wrong mobile numbers, or sign-in attempts. Wait and try again.
<i>Sample tournament is active...</i>	Local server: start a fresh event before taking real registrations.
<i>Officials management isn't set up yet...</i>	The officials server function isn't deployed. See Appendix A.
<i>Reconnecting — data may be outdated</i>	The connection dropped. The page retries by itself; check the Wi-Fi.
<i>Unable to reach the tournament</i>	No internet. Press Try again .

FAQ

- **A team lost its form.** Open **Teams** on the public site, find the team, and enter the primary player's mobile. Or an official presses **PDF** or **WhatsApp** in the desk.
 - **A player changed.** The desk can't edit a team. Before the draw, an admin removes the team and it registers again (it gets a new ID). After the draw, decide as a committee.
 - **Can two officials work at once?** Yes. Every screen updates within a second or two. If two people change the same thing at the same moment, the live site retries automatically.
 - **The round timer hit 00:00.** Nothing happens automatically. The umpire decides the round, and someone marks the winner.
 - **Rules or prizes on the site need changing.** The event name, date, fee and limits are in Event settings. The prizes, timetable, Mass times, documents and rule text are in the site's content file (`public/info.js`) and need a site update.
 - **Install as an app.** Event settings → **Install app**, or your browser's menu → *Install app / Add to Home Screen*.
-

Appendix A — One-time setup checklist for admins

The full technical steps are in the project's [README](#). In short:

1. Run the database migrations in `supabase/migrations/`, in order, in the Supabase SQL Editor.
2. Deploy the two server functions, `registration` (required) and `officials` (for the Officials page).
Turn off *Enforce JWT verification* on both.
3. Create the **first admin**: Supabase → Authentication → Add user, then add them to `public.officials` with role `admin`. The README has the SQL. Every other official can then be added from the **Officials** page.
4. Command-line alternative: `npm run add-official -- email "Name" role [boards]`, for example `npm run add-official -- uma@example.org "Uma Umpire" umpire 1,2`.
5. Recommended: in Supabase, turn off *Allow new users to sign up*, so only the accounts you create exist.
6. In **Event settings**: check the details, set up UPI and lunch coupons, add the support contacts.
7. **Rehearse** the whole day in practice mode with the actual phones and TV.

Appendix B — Audit log and data

- **Audit log:** every sign-in, registration, desk action (with the official's name and details), officials change and password change is recorded in the `audit_log` table in the Supabase dashboard. The app has no screen for it. The **From the desk** panel on Match control shows the latest few activity messages of the event.
- **Private data:** mobile numbers, ID details, photos and payment screenshots are visible only to the roles listed in [section 2](#). The public pages show team names, player names and parishes only.
- **Backups:** Event settings → **Download backup** (admin). The file contains contact details, so store it privately.

Appendix C — Quick reference cards

Check-in desk: scan the QR code → compare faces, IDs and the attested form → **Confirm team check-in.**
Awaiting payment → send the team to an official.

Lunch counter: scan the coupon → **Serve 1 lunch** / **Serve both lunches.** A mistake → **Undo** in the list.

Umpire: **Start match** → *Round N won by* → confirm → **Start round N** → ... → **Confirm and end match** → reset the board → **Board ready.** ↩ takes back a mis-tap.

Official: confirm payments → WhatsApp the forms → check in → **Assign** matches to free boards → run the boards → watch the queue labels.

Admin: settings → officials → rehearse → check the team list → **Create knockout draw** → walkovers and corrections as needed → export results → download a backup.
